

Cultural Capital- Social, Moral, Spiritual and Cultural (SMSC) Education.

Introduction

SMSC is a broad concept, representing the Spiritual, Moral, Social and Cultural education of pupils across all aspects of school life. It is the over-arching umbrella that encompasses personal development across the whole curriculum.

OFSTED states that SMSC 'requires schools to think about the kind of people we aspire to be, the kind of world we aspire to create, and the kind of education we aspire to provide'.

At Sladewood, SMSC is at the heart of school life, embedded through the curriculum, extra-curricular learning, assemblies and our interactions with each other during the school day. SMSC plays a significant part in pupils' happiness, learning and achievement. At Sladewood, we pride ourselves in providing a school environment that celebrates our entire community and recognizes our differences in a positive way.
